

**ROOM 2: ESCTAIC session** Thursday 27<sup>th</sup> April 2023

<b>Technological advancements and consequences of the pandemic driving the process of preoperative evaluation</b>	
8:00-8:15	<b>Teodora Nicolescu:</b> Introduction and welcome
8:15-8:45	<b>Teodora Nicolescu:</b> Advances in medication safety-block chain technology-
8:45-9:15	<b>Holly Ende:</b> Leveraging informatics solutions to improve quality and safety in obstetric anesthesia
9:15-9:45	<b>Aurel Neamtu:</b> What is new in chronic pain?
9:45-10:00	Q&A
10:00-10:15	Coffee Break
10:15-10:45	<b>Kofi Vandyck:</b> Use of vascular probes and TTE imaging in preoperative evaluation on walk in clinic patients-
10:45 -11:15	<b>Nilesh Vasan:</b> The impact of experience, confidence and technology in intubations
11:15-11:45	<b>Christine Vo:</b> Residents and technological advancements-how to adapt and inculcate a safety culture in trainees
11:45-12:00	Q&A
12:00-13:00	Lunch
13:50-16:45	Workshops: Airway devices updates Novomed POCUS/TTE- Kofi Vandyck MD Regional and pain- Aurel Neamtu MD

**Workshops. Exact schedule to be announced.**

**1. PPOCUS (point of care ultrasound): Regional blocks: Peripheral nerve blocks for ambulatory surgery**

Tutors: Christine Vo 60minutes - Thursday April 27

**2. PPOCUS (point of care ultrasound): TTE (Transthoracic Echocardiogram) ultrasound for vascular and cardiac preoperative rapid assessment**

Tutors: Kofi Vandyck 60 minutes - Thursday April 27

**3. Carotid surgery regional anesthesia - ambulatory anesthesia becomes the certainty: cervical nerve blocks, airway blocks (transtracheal)**

Tutors: Aurel Neamtu, Diana Hamann 60minutes - Thursday April 27

**4. New airway device - Vasan Nilesh MD / new technology in airway**

Tutors: Nilesh Vasan & James du Canto 30-50 min each 60-100minutes - Thursday April 27

**5. Thorax Ultrasound in difficult cardiac patients**

Tutors: tbd 60 minutes-Thursday, Friday and Saturday, April 27, 28, 29

**6. Ultrasound-guided regional anesthesia: upper and lower extremities**

Tutors: Jose Aguirre, Adela Hilda Onutu

120 minutes-Thursday, Friday and Saturday, April 27, 28, 29

7. **Ophthalmology – Subtenon anesthesia in Ophthalmology - practical skills**

Tutors: Tatjana Josifova, et al 90 minutes-Thursday, Friday and Saturday, April 27, 28,

8. **Thorax Ultrasound in difficult cardiac patients**

Tutors: tbd 60 minutes-Thursday, Friday and Saturday, April 27, 28, 29

9. **Ultrasound-guided regional anesthesia: upper and lower extremities**

Tutors: Jose Aguirre, Adela Hilda Onutu

120 minutes-Thursday, Friday and Saturday, April 27, 28, 29

**Workshop fees:**

140 euros for the 60 min.

180 euros for the 90 min.

230 euros for the 120 minutes.
